TIME FOR EVERYONE TO STAND TOGETHER

BROADCAST BY CHURCHILL: INVASION WITHOUT MASTERY OF AIR VERY HAZARDOUS

"This cruel bombing of London is part of Herr Hitler's plan for invasion. He hopes by killing numbers of civilians—women and children—to terrorise the people of this Imperial city and make them an anxious burden on the Government and so to distract attention from the ferocious onslaught which he is preparing. Little does he know the British nation and the tough fibre of the Londoner who has been bred to value freedom far above his life."

These words formed part of a broadcast to the nation by the Right Hon. Winston Churchill, Prime Minister, from Davenport, last night.

Mr. Churchill opened his talk by stating that the proportion of the German losses to the British was on an average of three to one in machines and six to one in pilots. "This effort of the Germans to secure mastery of the air over England is the crux of the whole war. We have grown strong and are actually growing stronger than when the hard fighting began in July."

"There is no doubt that Herr Hitler is steadily using up his air force. If he goes on at this rate for many more weeks he will wear down and ruin this vital part of his air strength."

"On the other hand, for him to try to invade this Island without securing mastery of the air would be a very hazardous undertaking." Mr. Churchill said there was evidence that preparations for an invasion on a great scale were steadily going forward. Several hundreds of self-propelled barges were moving down the coast of Europe from Norway to Holland and from Dunkirk to Brest and right down to the Bay of Biscay.

NEW BATTERIES
Besides this there were merchant ships which were moving toward the Straits of Dover into the Channel under the protection of the new batteries which the Ger-

mans have erected on the French coast. There was also a considerable gathering of shipping in French ports.

Preparations were going forward for ships to carry the invading forces from Norwegian harbours. Behind all these preparations numbers of German troops were waiting the hour to go on board and set out on their very dangerous and uncertain voyage across the seas.

"We cannot tell when they will try to come," declared Mr. Churchill. "We cannot be sure that they will try at all. But

CONGESTION OF REFUGEES IN LISBON

LISBON, Sept. 11 (Reuter).—Accommodation in flying-boats and American shipping have been booked up till December.

A great number of refugees are still in Portugal awaiting visas for the United States and the American Republics.

The Portuguese authorities have forbidden the further entrance of refugees into the country while the congestion remains.

Dr. Smalley's Son Wins The D.F.C.

Their many friends in the Colony will join in congratulating Dr. and Mrs. James T. Smalley on the well-deserved award of a Distinguished Flying Cross to their younger son, Flying Officer J. R. T. Smalley, who is with an R.A.F. bomber squadron.

F. O. Smalley has been flying for the past three years.

R.A.F. RAIN HUNDREDS OF INCENDIARIES ON TERMINI IN HEART OF NAZI CAPITAL

Raid Believed Most Destructive So Far Experienced

LONDON, Sept. 11 (British Wireless).—The Air Ministry states that Potsdam station, in the heart of Berlin, was repeatedly hit with heavy bombs and several hundred incendiaries when the R. A. F. again raided the German capital on Tuesday night.

Potsdam is one of Berlin's main termini, handling the traffic for Magdeburg and South-West Germany.

TYPICAL OF THE PRESENT R.A.F. BOMBING OPERATIONS THIS RAID WAS MADE BY A FORCE OF BOMBERS WHICH DELIVERED THE ATTACK WITH GREAT PRECISION.

Although there was a ground haze over parts of the city, the aircraft located the station and at 11.45 p.m. began the attack. Pilots of all the machines engaged claimed direct hits on the station and its yards.

Several of them made glide attacks through an anti-aircraft barrage. As showers of incendiaries followed the heavy bombs, fires broke out. One was particularly large, and several smaller ones were seen.

The raiders left for home after releasing all their bombs.

PARACHUTE FLARES

BERLIN, Sept. 11 (Reuter).—Dropping so many parachute flares to light up their objective that a newspaper could be read in any street, the Royal Air Force, from midnight to 2 a.m., caused Berlin to suffer under one of the worst raids that it has had yet during which the heart of the capital was bombed.

LARGER HEADLINES

NEW YORK, Sept. 11 (Reuter).—R. A. F. raids on Berlin get larger headlines in newspapers here than the German raids on London.

American correspondents report that the morale of Londoners continues at its best.

The NEW YORK TIMES correspondent says they are standing.

BUCKINGHAM PALACE DAMAGED BY DELAYED ACTION BOMB

LONDON, SEPT. 11 (REUTER).—HOW BUCKINGHAM PALACE WAS DAMAGED THOUGH HAPPILY NOT SERIOUSLY, BY A DELAYED ACTION BOMB WHICH EXPLODED ON TUESDAY NEAR THE PALACE SWIMMING POOL, IS RELATED BY REUTER'S CORRESPONDENT, WHO VISITED THE PALACE GROUNDS THIS MORNING.

The bomb exploded with terrific force blowing out the eastern entrance of the swimming pool and causing damage to windows on the northern side of the Palace.

It is estimated that it was a 500-lb. bomb. In the Queen's sitting room, situated half-way down the north side of the palace, not a single pane or glass was left intact. Neither the King nor the Queen were in residence at that time.

None of the visiting Sovereigns were in the Palace at the time of the explosion. What is known as the Chinese drawing room on the first floor suffered badly.

Further along the same floor, however, their Majesties' sitting rooms were intact, although damaged by debris.

King, Queen Take Shelter In Police Station

LONDON, Sept. 11 (Reuter).—When an air raid warning sounded in the London area this morning, the King and Queen were in a south-east London district.

Their Majesties took shelter in a police station and the police canteen staff prepared tea and biscuits for them.

As soon as the "all clear" was sounded, their Majesties resumed their journey.

German planes, only one or two of them which caused the warning were believed to have been engaged on reconnaissance flight, attempting to survey the damage caused by German raiders of last night.

During the morning their Majesties saw a dozen scenes of devastation.

Often tears were very near the Queen's eyes as she talked sympathetically to women who had lost a dear one or seen homes shattered.

Suwa Maru With Japanese Evacuees

TOKYO, Sept. 11 (Reuter).—The Nippon Yusen Kaisha liner, Suwa Maru, with some 70 Japanese evacuees from London will be sailing from Dublin on Sept. 14, en route to Lisbon, via Belfast. It was revealed by the Foreign Office spokesman today.

The Japanese authorities are approaching the German Government with a request to guarantee the safety of the Suwa Maru, the spokesman added.

HEAVY LOSS OF LIFE FEARED: BOMB WRECKS EAST END SCHOOL: DOCTORS WORK BY TORCHLIGHT

LONDON, SEPT. 11 (REUTER).—IT HAS JUST BEEN REVEALED THAT IT IS FEARED A LARGE NUMBER OF MEN, WOMEN AND CHILDREN EVACUATED FROM THEIR HOMES AFTER SATURDAY'S RAID, have lost their lives, when a school in the East End of London was wrecked by a bomb on Monday night.

About 500 refugees had found temporary accommodation in the school. Doctors and nurses were rushed to the scene in response to the general call and worked by torchlight, giving treatment to the survivors rescued from under the debris many of whom were given morphia injections.

The school appears to have had a direct hit.

CHAOTIC CONDITIONS IN UNOCCUPIED FRANCE

NEW YORK, SEPT. 11 (REUTER).—THE CHAOTIC CONDITIONS IN UNOCCUPIED FRANCE are described in letters from American social workers at present there and published in the NEW YORK HERALD-TRIBUNE.

"France is the most disorganised civilised country possible to imagine," declares one letter and adds that whole families are searching for its members.

New 4-Storey Fire Station For Wanchai

Erection of a new Eastern Fire Station will probably be commenced in the very near future. The station is to be situated at the corner of Hennessy Road and Canal Road East, Wanchai.

The proposed site is at the present an empty plot of ground. Work will be undertaken immediately a tender has been accepted by Government. Tenders are now being invited for piling of foundations and erection of the new station.

The station building is to be of four floors with the necessary accommodation for several fire engines and ambulances.

The existing Eastern Fire Station, situated at the corner of Thompson Road and the old No. 2 Police Station, Wanchai, will be made available for use by the Auxiliary Fire Service.

NEW P.A.A. SERVICE

SAN FRANCISCO, Sept. 11 (Reuter).—Pan-American Airways are today inaugurating the San Francisco-New Zealand air passenger service with 14 passengers for Auckland.

Another understands that the Germans are keeping refugees out of Northern France until the crops are harvested when they may be permitted to return to their demolished homes.

A third worker describes 2,000 German and Austrian refugees living like animals in a camp at Nines and another 6,000 refugees in a camp at Sant Cyprien awaiting handing-over to the Gestapo.

Another worker says that the food situation is steadily going from bad to worse.

Japan And Fortification Of Guam

TOKYO, Sept. 11 (Reuter).—"There is no change in Japan's attitude toward the question of the fortification of Guam, which has already been manifested," stated the Foreign Office spokesman, Mr. Suma, at a Press conference today.

This was in reply to an American correspondent who referred to the question of fortification of Guam as coming to the surface again.

The spokesman pointed out that the question was "a very old one."

Masonry girders crumbled down on the refugees who were sheltering on the ground floor of the school, having no basement.

The rescue parties carefully raised the pieces of debris in the hope of saving victims alive. Survivors were taken to various hospitals where operations continued all night.

A resident nearby declared that an aerial torpedo or a landmine was dropped as "they were no ordinary explosions."

The devastating effect of one explosion was shown by a crater 40 feet wide and 20 feet deep.

The whole district suffered. Streets upon streets presented a mass of wreckage. With the exception of those at the school, casualties appear to have been

INDO-CHINA TENSION ACUTE: DECOUX GRANTS JAPANESE THREE AERODROMES, REPORT

SINGAPORE, SEPT. 11 (REUTER).—IT IS RELIABLY STATED THAT THE TENSION IN INDO-CHINA IS ACUTE AND THAT VICE-ADMIRAL DECOUX, GOVERNOR-GENERAL, HAS AGREED TO GRANT THE JAPANESE THREE AERODROMES, with sites unspecified and 1,000 personnel each, and the passage of 20,000 troops to China where two divisions of Japanese are believed to be cornered by Chinese crack troops.

It is stated that all members of elected bodies in Saigon who met on Saturday at noon to discuss the position voiced strong opposition to any agreement with Japan.

It was later reported from a reliable source that Adm. Decoux declared that no agreement had been reached, but that he had been instructed to discuss and grant certain facilities within the limits indicated by Vichy.

Adm. Decoux was stated to have declared that he would not grant even those within limits.

Discussions may be prolonged until Adm. Decoux hopes the general situation in the Pacific develops favourably to Indo-China.

General Martin, commanding the Army, was reported to have requested to be relieved of his command should the Japanese demands be granted.

CABLES TO ROOSEVELT
A well-informed traveller just arrived from Saigon, interviewed by Reuter, reports that Adm. De-

coux dispatched three cables to President Roosevelt, although the contents are not known, it is believed the serious situation in Indo-China was pointed out.

The Japanese were stated to have made three demands yesterday afternoon, namely:

To be given three air bases in Tonking with personnel of 80,000 each.

The use of the French naval base at Camranh Bay.

WANING ENTHUSIASM OF LOCAL BALL PLAYERS: U.S. TROUNCE PORTUGAL IN EXPLOSIVE INT'L CHALLENGE TILT

BY R.O.Y.

COMING AFTER MANY SUCCESSIVE weeks of close and entertaining baseball, last week's games were somewhat disappointing, the waning enthusiasm of local players being very evident, especially when the League had difficulty in fielding a full line-up against the U.S. Navy on Sunday morning.

A FAIRLY LARGE GATHERING of fans turned out to see the Portugal-America challenge match, the former having already won the International Championship when "Ashville" players represented the Stars and Stripes instead of the Mindanao boys, but their anticipations of a close tussle were not realised as the Americans coasted through to a wide 17-5 victory.

Although the final result was playing fields are of full regulation terribly one-sided, the game was not without its explosive moments and dazzling performances.

The big explosion came in the second frame when Portugal scored three tallies, the last of which caused the dispute; with the bags loaded, Nick Beltrao singled to right to drive in Al Alvares while Hans Waggoner was relaying the ball to Cecil Douglas. The last named unleashed a wild peg that allowed Spotty Pereira to score, the ball hitting the stand, from where Tony Mascavage recovered it and threw to Maxwell who tagged Harry Campos off third base.

Base umpire called Campos out—definitely wrong, the ball being dead and not in play—but plate umpire "Granpop" Leung waved the runner home over the strenuous objections of the Mindanao boys.

STUCK TO GUNS

"Granpop" stuck to his guns and it looked like the end of the ball game then and there but, after about fifteen minutes of futile argument, the game continued.

While it is generally agreed that the umpire gave an erroneous ruling according to local ground rules, with which I feel he was not familiar, it is interesting to examine the authority for the making of his decision, remembering that "Granpop" has been, for some years, umpiring in Japan where

NAVY WIN SOCCER PRACTICE

In a friendly soccer practice game played at Causeway Bay yesterday Royal Navy defeated 30th Hvy. Bty., R.A. by four clear goals, there being no score at the interval.

Navy again took a long time to settle down but once they had settled down they played a good game and, during the second half, generally had the better of the gunners.

Hendy and O'Regan were again in good form and were the best among the forwards, while Roughley and Honeill were safe in defence.

Guy, R.A. and Interport pivot, was in his usual form but the rest of the team was not quite up to Navy's strength.

The scorers were O'Regan (2), Phippens and Hendy.

ANNUAL MEETING MONTHLY SUBSCRIPTION INCREASED AT I.R.C.

A PROPOSAL THAT THE MONTHLY SUBSCRIPTION FOR MEMBERS BE INCREASED FROM \$1.50 TO \$2 AS FROM OCTOBER 1, 1940, was passed unanimously at the annual general meeting of the Indian Recreation Club yesterday.

Some opposition was voiced to the proposal on the ground that the increased subscription might meet the resignation of a number of members who were not active in sports and merely supported the club by their subscriptions. It was also argued that the increased subscription fee would discourage new members from joining the club.

The President, Mr. A. el Arculli, replying, said that the question of increased subscription had been considered already by three former committees and it was unanimously considered that increased subscription should be brought into force.

It seemed that there was no other solution than to meet the cost of necessary repairs to the Club building.

Mr. M. A. Wahab, Hon. Secretary, supporting the President, said that in the past the Club had too often relied on the generosity of individual members. Funds were urgently required to provide for repairs to the pavilion, to allow of the club acquiring more sports gear and an improvement in service.

APPEAL TO MEMBERS

In his address, Mr. Arculli mentioned also that an increase in working and maintenance where the Club was concerned could be expected for some time to come. He would appeal to members to bring in more new members. The same appeal he had made at the last annual meeting seemed to have brought some result, but an increase of four in the membership list from the total for last year was hardly adequate.

Mr. Arculli spoke also on the subject of Sunday League cricket, which he said, seemed to be more enjoyed by the members, being so much of a family affair, than either other friendly or League cricket.

The Sunday League was a training ground for the younger members and provided an opportunity for cricket also to some other members who were not free to play on other days.

He thought it desirable, Mr. Arculli added, that the Club would organise more functions such as dances, whilst drives, etc.

The annual statement of accounts showed a balance of cash

APPRECIATION OF SPLENDID SPORTSMANSHIP OF KUMAONS

On a motion by Mr. C. Gulmang, the Council of the Hongkong Football Association recorded a note of appreciation of the excellent and sportsmanlike manner in which the members of the Kumaon Rifles football team had conducted themselves during their three years in Hongkong when they played in League games.

An appeal by Mr. R. M. Omar to circulate the various clubs to the Council for protection of referees against remarks being directed at them by officials of clubs criticising their refereeing, resulted in some discussion after which the chairman promised that he would look into the matter and see what could be done.

The meeting was brief. After the minutes of Council meeting No. 2 and of League Management Committee No. 2 had been passed and the statement of accounts, showing a cash balance in hand of \$5,184.48, had been adopted, the meeting terminated with the usual vote of thanks to the chair.

Mr. Wong Ka-tsun, chairman, presided, assisted by Mr. C. A. Goldenberg, Hon. Secretary.

"Maybe I'm exaggerating when I say that Elizabethan love-making is just like twentieth century necking," says director Michael Curtiz, "but what I mean is that fundamentally they are the same thing and the modern motion picture audience understands the latter a lot better than it does Sir Walter Raleigh and Shakespearean schools of love-making. Maybe Essex didn't take Elizabeth out in his roadster and park on some lonely country road, but anyhow it is my opinion that he read, and I've read plenty, talked the same language as the

necks when he made love to the Queen." Consequently, when Mike trained his directorial talents on Warner Bros. technical colour production, "The Private Lives of Elizabeth and Essex," showing today at the King's Theatre, he was determined not to be blinded by a lot of queenly robes and knightly trappings when it came to the business of love making, of which there is more than considerable.

"It's got more emotion packed into it than any story I have ever read, and I've read plenty," Mike insists, "and I am not going to

IMPORTANT GAS WORKS BLASTED BY AIR FORCE IN MIDNIGHT ATTACK

WIRELESS STATION BOMBED BY FLEET AIR ARM AIRCRAFT IN NORWAY: TRANSPORTS ATTACKED

LONDON, Sept. 11 (Reuter). — A statement by the Air Ministry news service giving details about the raids on Germany says that the objectives in Berlin were the important Leukow gas works in the suburb of the city.

Bombs were seen to burst on the target and heavy explosions occurred during the attack, which began about midnight and was carried out in the face of intense anti-aircraft fire.

The night's heaviest attack was directed against naval dockyards at Hamburg, where some high explosives and many incendiary bombs were dropped in half an hour of almost continuous bombardment.

Warehouses on Bakenhafen were set alight and some of the many fires which broke out in the target area were still visible long after the raiders had left the city.

Aerodromes were attacked at Diepholz, Haya, Celle, Cuxhaven and Schiphol.

At Calais, barges were bombed for over an hour by relays of aircraft which attacked in a series of steep and shallow dives.

EERIE EFFECT
The eerie effect produced by their bombs when they attacked Boulogne on Tuesday night was described by Coastal Command pilots in an Air Ministry news service bulletin.

The bombardment was carried out by Blenheims which found the targets through thick screens of drifting cloud.

"As fire broke out in a building on the main quays, actual flames could not be seen but through the cloud banks there was a sustained and radiant brilliance," said one pilot.

He added: "Twenty minutes later, the scene from above was more vivid. Other Blenheims came in to wind up the attack. Salvoes of bombs fell on and around an artillery arsenal and then the clouds were pierced by shafts of crimson light from the recurrent explosions among the enemy's ammunition stores."

Other Coastal Command aircraft distributed nine tons of bombs over a concentration of barges and ships at Calais, Ostend and Flushing.

These attacks were made by Blenheims, Beauforts and Fleet Air Arm Albacores and Swordfish. Effective results were obtained despite powerful resistance from shore batteries and escort ships.

SUCCESSFUL ATTACKS

LONDON, Sept. 11 (BWS). — Successful attacks announced in the Admiralty communique by aircraft of the Fleet Air Arm on an enemy supply ship and tanker off the Norwegian coast and oil depot in Norway follows closely on other offensive operations of the Fleet Air Arm over the Norwegian coast.

NAZIS WANT OF LONDON

PREMIER CALLED UNREASONABLE!

STOCKHOLM, Sept. 11 (Reuter). — "Paralysis or destruction of London's most important functions must be the aim of any nation fighting Britain," declares the Berlin newspaper, Voelkischer Beobachter, quoted by the Stockholm newspaper, Afton Bladet.

It is an exaggeration to call the present operations the Battle for Britain, says the German paper. According to the German idea the correct description would be the Battle for London.

The paper adds: "Nobody expected London would not be affected by the war since London is the political, economic and financial centre as well as the nerve centre of the Empire."

The Afton Bladet's Berlin correspondent says that political circles in Berlin declare that they take the British attacks on Berlin and other places as a distinct sign of the British desire to continue the violent air warfare which has developed during recent days over the British Isles. "Churchill will not respond to reason therefore we are obliged to continue the reprisal attacks," they say.

N.Z. SPITFIRE FUND

LONDON, Sept. 11 (Reuter). — New Zealand has already raised £50,000 for the purchase of planes for Britain and aims at raising £100,000.

Of this sum, £33,800 has been contributed to a fund, just closed, started by the "New Zealand Herald," of Auckland.

DESTRUCTION

New London Scheme For Raid Warning

R.A.F. TO TRAIN WATCHERS

LONDON, Sept. 11 (Reuter). — Air raid warnings by sirens henceforth will be regarded as "Alert" and not as alarm signals.

This is agreed upon by representatives of employers, and employees in consultation with Government yesterday.

Watchers will be posted on roofs and vantage points to give warning of danger.

It is hoped that the scheme will start immediately and the R.A.F. have agreed to provide means for training watchers.

An examination is being made of the possibility of conveying a similar alarm to the general public.

Mr. Winston Churchill, recommending the proposal, urges all to co-operate to make it work "so as to minimise the dangers of surprise in these destructive attacks from our cruel and relentless enemy" and to improve it "in the light of experience till victory comes."

IN BERLIN

DIRECT HIT ON SCHOOL

LONDON, Sept. 11 (Reuter). — Many bodies have hitherto been recovered from a school in East London which was wrecked by a direct hit during Tuesday night's raid.

Some of the persons extricated from beneath the mass of twisted girders and debris were still alive, but it is understood that they died while being conveyed in ambulances to hospital.

CLEAN-UP IN RUMANIA

REORGANISATION OF THE ARMY

BUCHAREST, Sept. 11 (Reuter). — A sudden halt has been made in the lavish state expenditure, the Crown Council is abolished and the Youth Movement is suppressed.

General Antonescu, the new Rumanian dictator, has initiated an enquiry into the fortunes of all the State's ministers of the last decade and also the expenditure of the Palace Secretariat.

General Antonescu's main concern, however, is declared to be reorganisation of the army.

He will dismiss 11 high officers charged with grave incapacity which is alleged to have led to the lost territory.

ROUND THE POLICE COURTS

AT CENTRAL

S. C. A. PROSECUTIONS

A widow, Chan Luk, was summoned before Mr. Sheldon yesterday for failing to report change of address of her ward and was fined \$1.

Inspector H. W. Fraser, of the S. C. A., said defendant lived at Mong Loong Street and her premises was visited on July 12. Defendant was not there.

On her return Chan reported to the S. C. A. on July 26 and said she had been to the country.

Pang Luk, married woman, summoned for a similar offence, was fined the sum of \$2 by Mr. Sheldon.

Insp. Fraser said defendant's address was visited in October last year but defendant was not there. She came back to the Colony in July this year and made a report to the S. C. A.

She had two wards under her care.

KIDNAPING ALLEGED

A 50-year-old married woman, Tsang Fuk, appeared before Mr. G. T. Lowry yesterday on a kidnapping charge.

She was alleged to have kidnapped a 12-year-old girl, Wu Tai, on July 14.

Appearing together with Tsang was Lai Tsak-tin, 39, shop fook, who was charged with harbouring the girl without the consent of Wu San, the girl's guardian, at No. 248, Hollywood Road.

Hearing was fixed for Sept. 20 at 2.30 p.m. and both defendants were allowed bail of \$250 each.

Mr. W. A. Mackinlay is representing Tsang, while Sgt. Cullinan is in charge of the case for the prosecution.

REGISTRATION OFFENCE

Summoned under the Registration of Persons Ordinance which required all British subjects, after having signed a return under the said ordinance, to report their departure from the Colony, Richard S. T. Pigott, of the Asiatic Petroleum Co., Ltd., North Point, admitted the offence when he appeared before Mr. Sheldon yesterday.

Det. Sgt. J. Headridge, of the Special Branch, said defendant registered with the office in 1939. He left the Colony on June 7 without reporting his departure and the omission was only discovered when his office sent another registration card to the police on defendant's return.

Pigott said he was transferred to the Philippines in December last year and since then had been back in the Colony twice—on May 19 when he was on leave, and on Aug. 18 when he was transferred back to Hongkong.

Defendant stated that he was informed by his office that they would make arrangements regarding registering him, reporting his departure, arrival or other movements. This was the practice last when the firm registered for the whole staff.

Pigott added that he had no intention of evading the regulations.

Defendant was fined the nominal sum of \$10.

PRINTER FINED \$100

The Hung Fat Printing Press, of No. 53-51, Chan Young Street, North Point, was summoned before Mr. H. G. Sheldon yesterday for failing, on Aug. 20, to take steps to prevent the breeding of mosquitoes in various water-holding receptacles in the backyard.

The assistant manager of the firm pleaded guilty to the offence.

Mr. M. R. Deb, of the Malaria Bureau said North Point, where the premises were situated, was about the worst among the urban areas in Hongkong and asked his Worship to take a serious view of the case. He asked that the maximum fine be imposed.

Defendant was fined the sum of \$100.

BOATMAN REMANDED

Lam Ching, 24, boatman on board Junk No. 118W, was charged before Mr. Sheldon yesterday with being in possession of one Mauser automatic pistol and seven rounds of ammunition on Sept. 10 at Hennessy Road without a permit.

Det.-Sub. Insp. W. N. Darkins applied for a remand of 48 hours for further inquiries which was granted by the Magistrate.

FACTORY MGR. FINED

Summoned for using No. 37, Shing On Street, Sal Wan Ho, as a factory when it was not registered as such, the manager of the Dai Ying Cotton Products Company was fined \$100 by Mr. Sheldon yesterday.

Sanitary Inspector D. W. Phillips said defendant applied for registration sometime in March but the application was refused. A letter was sent to defendant in August but the premises was still being used as a factory though defendant had been notified that he could not carry on.

Insp. Phillips added that defendant's factory was making cotton wool under dangerous conditions.

RETURNED BANISHEES

Charged with breach of a deportation order, Kwok Hung, 29, unemployed, was sentenced to six months' hard labour by Mr. Sheldon yesterday.

Defendant was banished for 10 years from Jan. 17, 1935. He had returned to the Colony twice.

Appearing on a similar charge, Chan So, 24, unemployed, who was banished for 10 years from July 8, 1940, was also sentenced to six months with hard labour.

Det.-Sgt. V. M. Morrison prosecuted.

TWO MONTHS' GAOL

AT KOWLOON

THEFT OF \$10

Leung Kai, 30, coolie, appeared before Mr. E. Himsforth yesterday on a charge of larceny of a \$10 note from Mrs. Gaan at the Daily Farm Company, Nathan Road.

It was stated that on September 8 the defendant was sent to Daily Farm to pay a bill for his master. In the meantime the complainant was also paying a bill. She put a \$10 note on the counter and had the bill sent to verify. The defendant came in and on seeing the note on the counter he put his bill on it and the cashier mistook it for the defendant's money and gave him the change.

The defendant was traced and arrested. He was bound over in a sum of \$20 for one year and was ordered to repay \$10 to the complainant.

OBTAINED \$255

Sentence of five months' imprisonment was imposed on Wong Kam-sing, 24, by Mr. Himsforth yesterday for obtaining \$255 by false pretence and breach of deportation.

631 CHICKENS

Ma Yuk-piu, Wong Kim-fai, Tai San-wah and Li Pun were charged before Mr. Q. A. Macfadyen yesterday for receiving 631 chickens which were obtained through an alleged armed robbery in Ping Shan.

The first defendant was additionally charged with receiving 110 pigs.

Liu Fat, one of the four complainants, said that when they arrived in the Colony on Aug. 24 they saw that the defendants had in their possession three cages of chickens which the complainants identified as their lost property. The defendants were arrested.

Bail of \$500 was granted to the first defendant. Hearing was adjourned until this afternoon.

BROTHEL RAID SEQUEL

Lau Luen, 35, widow, Ho Wah, 36, and Ho Lal, 38, married women, appeared before Mr. Himsforth on charges of keeping a brothel at No. 278 Kilung Street and of inducing or allowing girls, under the age of 18, to be prostitutes.

Insp. G. W. Moreton prosecuted. Three girls, Tang Luk-mui, 16, Cheung Ho, 14, and Cheng Sau-yim, 15, gave evidence that part of their income went to either the first or the third defendant.

The first and the third defendants were each fined \$40, or one month in prison on the first charge and \$100, or two months' imprisonment, on the second.

The second defendant was fined \$100, in default, two months' imprisonment on the second charge. Mr. D. McCallum appeared for the second and third defendants.

Chinese Master Fined \$300 At Marine Court

A Chinese sea captain, Wong Si Fuk, master of a vessel plying in British waters, was fined \$300 with the alternative of six months' imprisonment, when he appeared at the Marine Court yesterday morning on a charge of carrying 47 passengers in excess of the quota for the vessel concerned, which is now in port.

Mr. F. G. Nigel of Messrs. Johnston, Stokes and Master appeared for the accused and in pleading guilty made an appeal in mitigation of sentence. The defendant was fined as stated. The fine was paid.

In the same Court the master of a launch was fined \$100 for carrying 27 passengers in excess of his quota. He too pleaded guilty. The fine was paid.

Government Is Pursuing Question Of Evacudodgers

The following communication was issued from the office of the Colonial Secretary yesterday:—

The Emergency Regulations published in the Government Gazette of September 6, 1940, make it clear that the Government is determined to implement to the fullest possible degree the instructions received from the Secretary of State for the Colonies in the matter of the evacuation of British women and children.

Frequent requests have in the past few weeks been received for the return to the Colony of evacuated women, and His Excellency wishes to make it clear that he is only prepared to consider the use of his permissive powers in entirely exceptional cases.

Appeals on medical grounds or on grounds of individual hardship will not generally be considered.

The question of dealing with those women and children who, either by failing to depart independently on an agreed date or by other means, evaded the general evacuation is being actively pursued.

The Man's Drink That Women Appreciate

As the fame of that imperial cocktail, Gin and Rose's Lime Juice, spread from East of Suez to the West End of London, it was not the men-folk alone who gave the orders. Somehow their wives and daughters had discovered that

this drink, above others, was one to keep figures slender.

And with that discovery came another, that even a mere man who insists on Rose's Lime Juice tonight avoids a headache tomorrow.

THE ASSAULT ON BRITAIN

THE NAZI ASSAULT on the world's stronghold of liberty continues with unabated and brutal vigour. From Saturday last, the British capital, which has been truly described as the nerve centre of the Empire, has been subjected to the most indiscriminate attacks from the air. Reports of the bombing of London indicate that the Nazi airmen, in carrying out the orders issued to them by their inhuman leaders, have discarded all pretence of aiming their bombs at military objectives. High explosive and incendiary bombs are being scattered with ruthless abandon over the most crowded areas of the capital and have resulted in a number of casualties, unfortunately, chiefly among the poorer classes. The German excuse that these raids are in retaliation for indiscriminate bombing over Germany by British airmen will not stand the light of investigation. The whole world knows, from the lessons learned in Poland, Norway, Holland and Belgium, how contemptible are the statements issued by the German Reich on issues such as these.

THE NAZI DICTATOR, writhing under the tremendous and solid resistance his air force has met from Britain's defenders, hopes by these sordid methods to accomplish what he did in the countries now under his control in Europe. The panic and terror which he was able to create in Poland in Norway and the Low Countries has blinded him to the fact that in Britain he is up against a people of an entirely different mentality. His airmen have already found that British determination and spirit cannot be cowed. Today, amidst the screaming of bombs, the hiss of flames and the collapse of buildings, the British people stand calm and unperturbed, confident of their ability to endure, ready to make sacrifices and, above all, determined to keep their country and their Empire safe from the hand of Europe's plunderers. "We can take it" is their watchword under the horrible blast of inhuman destruction which Herr Hitler has launched. The Germans are also learning that Britain can also give as good as they can take. The bombing of German military and naval centres and the huge losses which the German air force is suffering at the hands of Britain's defence are assuming formidable proportions which in the

CLAIM FOR RECOVERY OF \$838

A claim for the recovery of \$838 was brought before Mr. Justice E. H. Williams at the Summary Court yesterday. The plaintiff was O. B. Zimmermann.

The S. S. Hanyang, the China Navigation Company's new vessel built at Talkoo Dockyard, carried out her trial run recently and she will shortly be on the Tientsin run.

end must spell failure for these bestiality acts against all principles of humanity. The British will to win will never be shaken and Nazi Germany will have a further list of crimes to answer for when the day of reckoning comes.

PUBLIC HEALTH EMERGENCY

ONE CANNOT HELP feeling that the measures now being taken to combat the cholera epidemic in the Colony have come, as usual, very late. In the early days of this summer, the health authorities fondly hoped that Hongkong would not be seriously affected by the scourge this year. The steps usually taken to prevent the disease from spreading were delayed, with the result that when it did begin to make itself apparent, it was too late to prevent an epidemic developing. Now it has been revealed that the source of the trouble has been traced to the insanitary water supply system in Kowloon City. For years it has been acknowledged by health experts that a sanitary pipe-borne water system must replace water supplies obtained from wells and streams. Despite this, the authorities neglected to take the necessary action to have these sources of water eliminated and demands for a proper pipe-borne system met with no response.

THE DISEASE had to reach an epidemic stage to rouse the authorities into action. The task before them, therefore, becomes more formidable. The public, however, have the right to insist that the recommendations passed at the Urban Council meeting on Tuesday last should be put into immediate operation. Apart from the question of water supply, the authorities would be advised to exercise stricter control on the sale of food throughout the city. Hawkers still persist in exposing out fruit for sale on the streets. Sweetmeats and other foods are exposed to infection in the same way, while some of the methods of serving food in certain restaurants will need to be strictly supervised if a further spread of the epidemic is to be avoided. Members of the public should also be compelled to be inoculated with further delay by house to house calls and several additional centres should be opened for this purpose. This disease has already claimed an alarming toll of life, and an emergency has been created which must not be allowed to continue.

SUPREME COURT ACTION: PROTECTION UNDER EVICTION ORD. SOUGHT BY DEFENDANTS IN CLAIM FOR PREMISES

An action claiming for possession of No. 297, Queen's Road, West, was brought before the Chief Justice, Sir Atholl MacGregor, at the Supreme Court yesterday.

The plaintiff in the case was Chung Yee-dai, of No. 39, Ym Wa Street, administrator of the estate of the late Chung Man-kin, who was represented by the Hon. Mr. Leo D'Almada, Jr., instructed by the Hon. Mr. M. K. Lo, and the defendants were the Luen Fong firm, tobacco manufacturers, who were represented by Mr. Eldon Potter, K.C., instructed by Mr. B. C. Hobbs of Messrs. Sutherland Russ Co.

The claim was that the defendants paid \$230 on a monthly tenancy which was terminated on March 31, 1940. The defendants failed to quit the premises after receiving notice and the plaintiff is seeking possession of the premises and mesne profits.

The statement of defence was that on March 17, 1939, in consideration of a monthly rental of \$230 and a loan of \$430, plaintiff promised the defendants the lease of the premises for two years. Alternatively, the defendants sought protection under the Prevention of Eviction Ordinance.

SON OF OWNER
Mr. D'Almada said that the plaintiff was the son of the original owner of the premises in question, his deceased father. The rent for the premises was collected by the widow and concubine following the father's death, until a family arrangement was made when the plaintiff was given the premises as his share in the estate.

The defendants refused to pay rent to the plaintiff until the Letter of Administration had been taken out, but consequently agreed to pay the rent to him.

In June 1939, plaintiff gave notice to the defendants to quit as he was negotiating with another party who would pay \$400 rent for the premises. The defendants did not leave the premises and requested further time to get new site.

In the following months four more notices to quit were sent to the defendants.

LOAN REPAYED
With regard to the loan made to the plaintiff, it was repaid to the defendants by deduction from the rent, except the sum of \$30 which was for legal costs.

Mr. D'Almada further stated that the ground and first floors of the premises were used as a shop, though with lokis sleeping on them. The second and third floors were sub-let by the defendants as a separate establishment. As the defendants did not reside on the premises he submitted that under these circumstances the defendants could not claim protection under the Eviction Ordinance.

Giving evidence plaintiff said that when the defendant failed to quit the premises he gave a second notice, and, according to this letter, the defendants should have terminated their tenancy in the early part of November.

REQUEST GRANTED
A few days later he met Mr. Wing-shiu, a partner of the defendant firm, and at the meeting Ma said he desired to deliver the premises soon after the Chinese New Year when he would have wound up the debts. Ma requested to be allowed to stay and he granted the request. Plaintiff said that it was not out of spite, because the defendants had refused him a \$1,000 loan; that he now sought possession of the premises.

Cross-examined by Mr. Potter, plaintiff said that he had established in Tientsin two shops which had been closed down owing to the war. He later founded a fruit-dealer firm in Macao and that was sold for about \$1,000 in 1937.

Plaintiff denied that before his father's death, he had been to the defendant firm to ask for small loans.

In 1939 the premises in question were given to him as his share in the estate and after he had taken out Letters of Administration he mortgaged the premises for \$12,000.

MORTGAGE PAID OFF
The mortgage was paid off in August this year and a fresh one was entered for \$17,500. The money from the premises was used to settle debts incurred in business.

Plaintiff further denied that on October 1938 he had approached the defendants for a loan of \$400.

Quarantine restrictions have been imposed against arrivals from Macao on account of cholera.

Police are investigating reports that a large number of counterfeit Chartered Bank ten-dollar notes are circulating in the Colony.

A vocal recital will be given in the Rose Room of the Peninsula Hotel, on Friday, Sept. 27, at 9.15 p.m. by Mr. Y. K. Sze, accompanied by Mr. O'Neil Shaw.

By order of the Chinese National Government, Dr. Lui Peihung was recently appointed successor to the late Dr. Ma Chunwu as President of the National Kwangsi University in Kwelin.

A motor car belonging to Mr. S. Chinn, of No. 17, Waterloo Road, caught fire shortly after 8 p.m. on Tuesday, while being filled with petrol. Little damage was caused and the fire was soon extinguished.

Mr. and Mrs. Percy G. Tate, formerly of Shanghai, announce the engagement of their daughter, Joyce Marion, to Mr. Philip K. Dolan, son of Mr. L. A. Dolan, of Honolulu. The wedding is to take place in September.

The death occurred on August 28, at Shanghai, of Mr. Constantine Artchegoff, aged 23 years, of the Shanghai Power Company, and son of Mrs. Olga Artchegoff. The funeral services were held on August 31, at the Bubbling Well Cemetery.

The registration of technical agricultural personnel is being undertaken by the Bureau of Reconstruction of the Kwangtung Provincial Government in an effort to promote agriculture in the province.

On the resignation of Mr. T. W. Gubb, B.A., C.A., which will be effective from about the middle of September, Mr. E. T. Nash and Mr. J. W. Allan, Assistant Secretaries, will be appointed Acting Deputy Secretaries, in Shanghai.

B.W.O.F. workers are informed that Central Hospital Service Supply Batches are now available at \$1 each for those who have completed a minimum of 100 hours service for the B.W.O.F. either at Working Centres or in their homes. These badges are obtainable at the office of the B.W.O.F. Government, House, Tel. 22100.

News has been received in Shanghai of the death, at the age of 69, at Yangtze, Norwood Drive, White Plains, Scotland, of Mr. George McDermid, for many years a dockmaster of the New Engineering and Shipbuilding Works, Shanghai, before its amalgamation with the Shanghai Dockyards Limited.

The funeral took place at Lokawet Cemetery, Shanghai, on Aug. 31, of the late Master Pierre Claude Ballandras, the five year old son of Mr. and Mrs. Ch. Ballandras, when there was a large attendance of friends of the parents. Requiem Mass was celebrated at the Church of St. Pierre, Avenue Dubail by the Rev. Father Beaune S. J., followed by which interment took place at Lokawet.

\$200,000 SHANGHAI ROBBERY

SHANGHAI, Sept. 11 (Reuter).—In the second major armed robbery in three days, five men, armed with mauls, and one with a hand grenade, entered the office of the Stock Exchange building, on Kiukiang Road in the heart of the business district of the International Settlement; this afternoon, and stole 30 gold bars, valued at \$6,000 each and Yen 20,000, representing a total value of \$200,000.

It will be recalled that on Monday a trio of gunmen, held up three bank messengers of the Sun Company department store and stole \$100,000, including \$60,000 in notes and a cheque for \$40,000 which the messengers were carrying.

U.S. RED CROSS SEND AID TO HOMELESS

WASHINGTON, Sept. 11 (Reuter).—The American Red Cross Society has ordered the immediate shipment of 500,000 garments for London's homeless through the air mails.

They are prepared to send medical supplies for 10,000 hospital beds.

Funds were cabled to London for the purchase of 12 mobile canteen units, with eight vehicles each, for the feeding of the civilians.

177 ITALIAN AIRCRAFT DESTROYED BY R.A.F. IN THREE MONTHS

LONDON, Sept. 11 (BWS)—An R. A. F. communiqué issued in Cairo today states: "In three months since Italy entered the war, 177 Italian aircraft have been definitely destroyed by the R. A. F., South African Air Force, Rhodesian Squadron and French units, co-operating with the R. A. F. and the Rhodesian Squadron, in the area of the Middle East Command."

"A further 90 have probably been destroyed."

Italians Sorely Tested

CAIRO, Sept. 11. (Reuter).—Although the Italians are endeavouring to produce a spirited comeback to the R.A.F. raids on Abyssinia and Libya, where they are being sorely tested, their present material is definitely inferior in construction to the British, which are all metal and more suitable for desert use.

Furthermore, the British Navy shows a disconcerting determination to carry out periodical sweeps in the Eastern Mediterranean, interspersed with attacks on Libya and the harrying and sinking of Italian ships.

TENSION IN INDO-CHINA

Continued from Page 1

The passage of 60,000 troops to China and the sites of aerodromes to be unspecified.

Adm. Decoux is stated to be holding out although pressure is being exerted by Vichy.

The traveller stated that it is felt in Indo-China that the Japanese, in asking for the passage of troops, desire also to cut off the Burma-Yunnan Road.

The traveller added that strong forces of Chinese troops are along the frontier and that the Chinese would take action, should even a small force of Japanese troops be granted passage through Indo-China.

He stated there was a report that the cornered Japanese troops tried to break through, via Indo-China, but they were fired on by French troops with nearly 100 casualties.

The traveller denied the arrival in Indo-China of American bombers and added that 95 per cent. of the people in the country were pro-de Gaulle but they were unable to act on their own owing to the situation with Japan.

SITUATION UNALTERED

TOKYO, Sept. 11 (Reuter).—The situation in French Indo-China remains unaltered since Monday with the Japanese authorities in Indo-China still negotiating with the local French authorities for an arrangement, said Mr. Suma, the Foreign Office spokesman, today.

"I can say something concerning that some time later," he continued, adding that he was not in a position to say anything for the time being.

He mentioned that official information failed to confirm the Press report of a clash on the border of French Indo-China between French and Chinese troops.

SOME MODIFICATIONS

SHANGHAI, Sept. 11 (Reuter).—Chinese reports received in Kuning state that Adm. Decoux has accepted the Japanese demands with some modifications, says the Tawanpao.

These demands include: Permission for 12,000 Japanese troops to land in Indo-China.

Use of Indo-China railways for military transportation; Permission for the Japanese troops to camp within 20 kilos on either side of the railways, the paper says.

Adm. Decoux is said to have rejected the Japanese demand for the use of aerodromes in Indo-China, however.

A company of foreign military advisers to the Chinese Government, has left Kuning by air with General Yang Chieh, ex-Chinese Ambassador in Moscow and now attached to Military Affairs Commission, and Director of military preparations along the Yunnan border, states another message from the same paper.

Strict vigilance is being kept by the Chinese authorities along the Yunnan-Indo-China border against the infiltration of spies, it is learned.

"It may be launched on either Scotland, Ireland or on Britain, or on all three. But if this invasion is going to be tried, it cannot be long delayed. The weather may break at any time and besides this it will be difficult for the enemy to keep this gathering of ships and men waiting indefinitely while they are being attacked by our bombers and warships."

"The next week or so will be important for us in our history. It reminds us of the time we waited for the coming of the Spanish Armada across the Channel, while Drake played his game of bowls."

GREATER SCALE

"What is happening now, however, is on a far greater scale. Every man and woman will, therefore, prepare themselves to do their duty however hard it may be."

Mr. Churchill went on to reiterate the strength of the Royal Air Force in its superiority in men and machines, even though they were outnumbered. The British shores were well and strongly guarded and ready to attack the invaders. The Army was better equipped than it had ever been before.

After using the words quoted at the beginning of this article, the Premier referred to Herr Hitler as the embodiment of evil and hatred, who was trying to break up the British Isles by indiscriminate slaughter and destruction.

"What he has done has kindled a fire in British hearts with the desire to create a better world long after all the results of the conflagration he has caused in London have been removed."

"The British people will not be stopped in their effort to rebuild the temple of man's freedom upon foundations that can never again be easily broken."

"This is the time for everyone to stand together," declared Mr. Churchill, "and to hold firm as they are doing. I express my admiration for the manner in which the units of the A.R.P. and the Fire Brigade have carried out their work during the recent raids."

"All the world is today admiring the spirit with which the citizens of London are facing the ordeal they are being subjected to."

"We are fighting not only for ourselves and not only for our own time, but for long and better days that are to come," concluded Mr. Churchill.

NO NEW ORIENTATION IN POLICY OF JAPAN TOWARD SOVIET UNION

Change In Atmosphere May Result, Says Suma

TOKYO, SEPT. 11 (REUTER).—THE CHANGE OF AMBASSADOR AND HIS STAFF MAY RESULT IN A CHANGE IN ATMOSPHERE but it does not mean a new orientation in Japan's policy toward the Soviet Union, the spokesman of the Foreign Office, Mr. Suma, told foreign correspondents at a Press conference today.

"I do not think that any change in our policy toward the Soviet Union is involved, though the Press comment is interesting," stated Mr. Suma when asked whether the selection of Lieut.-Gen. Tatekawa (retired) as Ambassador in Moscow indicates a change in Japan's policy towards the Soviet Union as reported by the Press.

"Lieut.-Gen. Tatekawa as Ambassador is a good choice," the spokesman added.

The spokesman said that some more successors to the diplomatic posts, vacated by the recent recall of diplomatic representatives from abroad, will be announced in a week's time.

HEARSE WITH ELECTRIC ORGAN

DE LUXE VEHICLE IN MANILA

La Funeraria Paz, Manila's oldest funeral establishment, has acquired a new de luxe funeral hearse. Now on display at the parlour's display room, the new acquisition has an automatic extension casket table, electrically controlled, reports the Manila Bulletin.

CONCEALED ORGAN

Another innovation is a concealed electric organ with a radio amplifier. Automatically controlled, the organ plays recordings of carillon chimes, hymns and funeral songs.

La Funeraria Paz boasts the largest mortuary in the Orient. Petronella del Rosario Sr., runs the establishment with the aid of his sons who are all licensed embalmers. Fernin Petronillo del Rosario Jr., associate director; and Mariano del Rosario, assistant director. P. I. Guzman is manager and Florentino Torres, associate director.

26-Year-Old Attractive English Brunette Now In Kweiyang After A Hazardous Journey

CHUNGKING, Sept. 11 (Reuter).—After a hazardous journey by road and river, during which she was robbed by bandits and stopped by Japanese-organised Chinese troops, MISS JOAN STANNFORTH, a 26-year old English-woman arrived at Kweiyang from Hongkong to become secretary to Dr. Robert Lim, head of the Chinese Red Cross.

Despite a slight limp, Miss Stannforth, an attractive brunette, undertook the strenuous trek overland through fighting areas.

She left Hongkong on June 6 after working three years as secretary to Mrs. Selwyn-Clarke, wife of the Director of Medical Services. Travelling with a small party of foreigners she went first to Macao. In the group were Mr. G. Peck Young, a young American writer, whose book entitled "China's Wall" recently appeared in bookstalls, two Red Cross doctors travelling with Spanish passports, returning from vacation in Hongkong at the American Baptist Missionary going to Wuchow, and six Chinese missionary girls whose knowledge of English was limited to hymns.

The party travelled in a small sampan, to a village on the West River delta. The boat was stopped six times by bandits during the first night out. The robbers demanded sums varying from \$15 to \$500 under threat of detaining all the passengers for ransom.

ALL VALUABLES. In addition they robbed the group of all valuables that were not hidden. That night cost the travellers \$1,500. The following night, the party was held up by Japanese-trained Chinese troops for six hours. The leader of the troops waved a pistol in the faces of the travellers belligerently and

said, using good English, "Please excuse all this, but I must do it." They were eventually released with bribes.

When using small canals and streams they could journey in the daytime, but larger waterways were mined and patrolled by Japanese mosquito-boats, necessitating night travel.

Leaving the sampan at the village on the West River delta, the group walked 60 miles to the West River where they were conveyed by junks, towed by steam launches, up-river to Luchow in Kwangsi.

Then a bus journey was followed to Kweiyang. Miss Stannforth is a native of Surrey, England, and a graduate of the University of London.

BOMBS DROPPED IN KENT AND SUSSEX

LONDON, Sept. 11 (Reuter).—It is officially stated that at various times during the afternoon a few enemy planes, making use of cloud cover, penetrated into the London area.

They were apparently on reconnaissance and no bombs are reported to have been dropped in this area.

Bombs, however, were seen dropped at a few points in Kent and Sussex, and a small number of persons were injured.

HEAVY LOSS OF LIFE

Continued from Page 1
comparatively slight, the victims seeing their houses demolished on emerging from shelters.

BABIES FOUND ALIVE

The bombed school rescue squads found two babies, one nine months and the other six months old, alive and it is thought that they may recover. When the school was wrecked, plans had already existed to transfer these refugees to the country and the transfer would have taken place the next day.

Another hospital was hit in the central district and there were some casualties. One block was badly damaged and demolition workers are still digging in the debris.

Valuable music manuscripts and antique furniture were destroyed when the home of a well-known pianist was damaged by incendiary bombs.

A church in the central area was burned to the ground and a Roman Catholic Church in the same area was partially destroyed, including an altar 300 years old.

Periods of half-an-hour passed during the night when there was not a single detonation, writes Reuter's Air correspondent, suggesting that the attacks were not followed up in force.

However, searchlights were in action and anti-aircraft guns spoke whenever a raider was caught in their beams.

15-MINUTE WARNING

The air raid warning was sounded in London this morning at 11.55 a.m. B.S.T. and was in operation for 15 minutes.

FURTHER BOMBING

LONDON, Sept. 11 (Reuter).—The Air Ministry and the Ministry of Home Security communicate today:

"During last night, enemy aircraft delivered a further succession of bombing attacks on London. Bombs were also dropped in many places in the suburbs and surrounding districts."

"In London, fires were caused in warehouses and factories on the riverside and in the city. Some damage was also done in many other parts of London, but preliminary reports indicate that this is less severe and that casualties are considerably lighter than on the preceding nights."

"A full statement will be made in due course."

"Bombs were also dropped during the night in South Wales, the Bristol Channel area and in West and East England. Only slight damage and a very small number of casualties were reported from these areas. Our fighters shot down another enemy bomber yesterday, making two for the day."

LESS EXTENSIVE

Although German planes were over the London area more or less continuously during the night, raids appear to have been generally less extensive and damaging than the previous nights, writes Reuter's Air correspondent.

The bombs were mostly of heavy calibre and buildings in central London were frequently shaken by the detonations.

Again heroes of the night were the auxiliary and regular firemen who wrestled heroically with the outbreaks of fire, under the constant threat of bombs being dropped, to guide the raiders by spreading the flames.

It is reported that a flaming "breadbasket" fell in one London district and the burning oil ran along the gutter.

London shelters continue to stand up to the raids well. Only a tremor was felt in one street shelter when a bomb fell ten yards away and killed a man outside.

Lord Woolton Impressed By East Enders

COMMUNAL FEEDING ORGANISED

LONDON, Sept. 11 (Reuter).—The Ministry of Food has organised communal feeding in the East End of London. People are being cared for.

Those with homes to go to are returning to them while others are taken to districts where accommodation has been found for them.

Stocks of food were laid up in London some time ago by the authorities. The wisdom of this foresight is now being proved. The system is working admirably.

"LUMP IN THROAT"

LONDON, Sept. 11 (Reuter).—Lord Woolton, the Minister of Food, visited the East End yesterday.

On his return he said: "I think they are perfectly marvellous. I came away from the East End with a lump in my throat."

The German radio has been putting out announcements to the effect that London will suffer just as Warsaw and Ostend did.

The London reply to this is "We can take it."

All over the city there is no fear or panic, but steadily growing anger.

News of his raids on Germany is what the ordinary people of London are wanting to hear.

FRENCH COURT IGNORE PUPPET ORDER

LONDON, Sept. 11 (Reuter).—The Nanking regime presented an order to the second and third branches of the Kiangsu High Court in the French Concession a few days ago, demanding allegiance. It was learned from competent French Concession authorities, by the Shunpao.

Immediately upon receipt of the report, a squad of the French Municipal Police was detailed to the court premises.

The Court authorities, it is said, have ignored the order and are continuing their duties as usual, the paper states.

London were frequently shaken by the detonations.

Again heroes of the night were the auxiliary and regular firemen who wrestled heroically with the outbreaks of fire, under the constant threat of bombs being dropped, to guide the raiders by spreading the flames.

It is reported that a flaming "breadbasket" fell in one London district and the burning oil ran along the gutter.

London shelters continue to stand up to the raids well. Only a tremor was felt in one street shelter when a bomb fell ten yards away and killed a man outside.

FRAUD AT NIGHT CLUB IN MANILA

POLICE LOOKING FOR CANTONESE CASHIER

Police in Manila were looking for Wong Foo, 35-year-old Cantonese cashier at Tom's Oriental Grill, who reportedly left on Sept. 4 with P2,365 of the firm's cash, reports the Manila Bulletin.

Ships along the waterfront, scheduled to sail either last night or today were searched for the missing cashier as reports were received that he was intending to leave the Islands, but to no avail.

METAL BOX

The loss was discovered several hours after Wong Foo left Tom's. The money was contained in a metal box to which Wong Foo, the night office cashier, and Pedro Paguibitan, office cashier on the day shift, had the keys. Running short of cash, Paguibitan went to open the box but remembered his key was borrowed the night before by the Cantonese, who claimed to have lost his key.

Paguibitan had to saw the box open. He found it empty.

ATTRACTIVE JOANNA CLAIRE, pictured above, is the principal dancer in "A Trip To Hades" the American Stage Production which opens at the Queen's Theatre, on Tuesday next. She is blessed with charm as well as talent—essentials that make for her immediate success with the public. Choreography was her hobby always, and in Hollywood, where she spent much time, her gifts for creating dances and designing settings were developed.

Travel in South America, Europe, and the United States has broadened her outlook and extended her knowledge of Stage lore, and her natural aptitude and instinctive realisation of the value of details have helped her towards her successful achievement.

Clad in a chic American coat, watching interestingly in the hotel lounge where she met, was "Spooky"—no, don't conjure up my romance! "Spooky" happens to be the small Pekinese that is Miss Claire's faithful friend and accompanies her everywhere, and "Spooks," as you may have read, are one of the novelty mysticisms of "A Trip To Hades." Joanna's pretty sister Beth is also a dog-lover, her inclination being a Sydney Silky, who answers to the name of "Winkle."

Chinese Determined To Continue Struggle

CHUNGKING, Sept. 2.—Generalissimo Chiang Kai-shek assured me here today that the entire Chinese nation is determined and prepared to continue the struggle indefinitely against Japanese aggression regardless of formidable obstacles which have been placed in the pathway of the Land of the Dragon during the past several months, writes J. L. Stewart in the Manila Bulletin.

HEAVY STRAIN

The Generalissimo made these statements in one of the infrequent interviews he has granted foreign newsmen recently.

In spite of the strain of directing the national effort through three months of intense Japanese aerial bombardments which have devastated Chungking, his third wartime capital, the No. 1 leader of the Chinese nation said that he was enjoying the best of health and like his people was determined to battle on against the Nippon invaders.

NOT DISMAYED

The Generalissimo declined to comment on recent international developments affecting China, but he asserted emphatically that he was not dismayed and was unshakably optimistic as to the eventual outcome of the undeclared war. Earlier it was officially announced that the Generalissimo had cab'd his thanks to Chinese communities in the United States for their promised contribution of US\$5,000,000 toward rebuilding the Chinese air force.

NAZI RADIO GLOAT OVER RAID HAVOC IN LONDON

LONDON, Sept. 11 (BWS).—The air attack on London is presented in German wireless broadcasts as a great and exhilarating event and the terrorist quality of the raids is by implication constantly emphasised.

There has been no disposition in London to minimise the serious nature of civilian casualties caused but the R.A.F. will not be deterred from its declared purpose of confining its attacks on Germany and German-occupied territory to military objectives.

The Reich Propaganda Office yesterday attempted in its wireless broadcasts to demonstrate how ineffective are British air attacks, by the publication of casualty figures. It is declared that between May 10 and August 31 total casualties inflicted during British air raids on German territory were 78 persons killed, 29 gravely and 22 slightly wounded.

These figures, if any confidence could be placed in Nazi statistics, would be received in London with nothing but satisfaction since it is no part of British strategy to kill and maim civilians or destroy their homes and would, at the same time manifestly serve to underline the accuracy of the aim of R.A.F. pilots since the scale and intensity of attacks on military objectives in Germany during the past months by the R.A.F. is widely known.

PUBLIC REACTION

LONDON, Sept. 11 (BWS).—Unshakable calm, the increased spirit of determination aroused and the amazing speed with which wreckage is cleared away, are the features of the public reaction to the air raids on London which have most impressed foreign press observers who have been given complete freedom to visit scenes of destruction.

The London correspondent of the Neue Zürcher Zeitung who

visited three dock areas which suffered most severely confirms, according to a press despatch from Zurich, that it is civilian property and not military objectives that principally suffered.

Although a war of terror has been started against London, he adds, the "results so far are mere scratches on the giant frame of Britain's capital."

Major Wintle Severely Reprimanded

LONDON, Sept. 11 (Reuter).—Major Alfred Daniel Wintle, accused in the recent "Officer in the Tower" Court, Martial case, has been severely reprimanded in respect of the charge of assaulting an Air Commodore.

The decision of the Court, which acquitted him on charges of feigning infirmity and conduct prejudicial to good order and military discipline, was promulgated last night.

PREMIER VISITS BOMBED AREAS

Londoners Are Not Down-Hearted

LONDON, Sept. 11 (Reuter).—Mr. Winston Churchill visited the stricken areas of London yesterday to see for himself what damage had been done during the night.

The crowds of workers that he met expressed themselves of the feelings shared by everyone in London.

At one point a crowd gathered round the Prime Minister. A man shouted "Are we down-hearted?" With a roar the crowd replied "Not!"

A few yards further, on another man shouted "Are we going to win?" And as swiftly as the first time the crowd roared an emphatic "Yes."

That little incident, perhaps better than any other, tells people abroad what London is like after three nights of Nazi bombing.

BRIGHT PROSPECTS FOR 'A RECREIO' TO KEEP SENIOR BOWLS TITLE

Few Upsets In League Last Saturday Afternoon

In bright weather another full lawn bowls programme was completed last Saturday. There were a few upsets in all three Divisions.

THE DEFEAT OF CRAIGENGOWER CRICKET CLUB AT AUSTIN ROAD BRIGHTENED THE PROSPECTS OF RECREIO 'A' RETAINING THE FIRST DIVISION TITLE FOR YET ANOTHER YEAR.

A big surprise was created by Kowloon Cricket Club by beating the Kowloon Bowling Green Club in the Second Division and the defeat of the Hongkong Cricket Club by the Police Recreation Club in the same Division caused a mild upset.

The main upset was recorded when Hongkong Electric Recreation Club bowed to Craigengower Cricket Club at the Valley as a result of which the Electricians lost their original chances of winning the Third Division championship. Two new records were set by Rakusen's Civil Service rink at Kowloon Docks by beating Cullen's four by the biggest margin in the First Division.

In the Third Division, Y. Abbas' rink also performed this feat the opposing quartette scoring only five shots. Recreation 'A', playing at the Valley, against the Police Recreation Club, had no difficulty in beating the latter by 41 shots—the biggest win of the afternoon. Kowloon Bowling Green, Club enjoyed an overwhelming victory over Craigengower Cricket Club by 26 shots. The Valley team's chances for the title were thus shattered.

Rossell fared very badly against Sherriff and was beaten by 24 shots. Omar with his re-arranged rink proved no match for Holland, while Basa was the only visiting skip who won.

At the Valley, Hongkong Football Club beat Kowloon Cricket Club by 12 shots mainly due to the splendid effort of Robertson's rink and in particular to the excellent play of Gelling, Robertson's No. 2, who was outstanding. Duncan had a belated recovery to lose only by seven shots to Kern.

Indian Recreation Club beat Recreation 'B' by 11 shots though at one time they were in danger of losing the points.

SECOND DIVISION

Recreio, at King's Park, went down to Craigengower Cricket Club by the narrow margin of four shots. The struggle between the two new skips, C. M. Alves and W. Penny, resulted in a victory for the latter by 19 shots. Remedios beat another new skip, W. Ward, by four shots.

Kowloon Tong, playing at home, had a setback against Taikoo Recreation Club losing by nine shots. Gittins went down to Stainton after a close struggle while the game between Kew and Keown was also very close and the scoring was low.

Police Recreation Club caused a mild surprise by beating Hongkong Cricket Club by nine shots to record their first victory of the season! Soutar, McDonald's No. 3, was deputising at skip and had the better of Davies by 19-14. Channing had no difficulty against Costello and beat the latter by 18 shots. The tussle between the Browns resulted in a victory for the Cricket Club Brown. The Police Brown was acting for Aitkens.

Kowloon Bowling Green Club caused a surprise at Cox's Road when they went down to Kowloon Cricket Club by six shots and for this K.C.C. should be thankful to Moss for his big victory over Drew. Moss made short work of Drew scoring 29 shots on 16 heads.

Kowloon Football Club, visiting the Valley, trounced Civil Service Cricket Club by 26 shots.

Hillyer started with a six and was always ahead of Youngusband. Ecclesham proved no match for Field whose front-men played a very consistent game.

THIRD DIVISION

A great surprise was the defeat of Hongkong Electric Recreation Club by Craigengower at the Valley. Scoring was low. Y. A. Rakusen, who was making his debut as a skip, beat Sloan 17-13.

Kowloon Football Club, playing away, had no difficulty in overcoming the Hongkong Cricket Club by 17 shots. Abraham set a new low score record for the Third Division having five shots against Y. Abbas. Cornell did very well to beat Evans by 19 shots.

FORECAST FOR SATURDAY

Civil Service Cricket Club will be at home to the Kowloon Cricket Club and should have no difficulty in collecting the two points. Kowloon Bowling Green Club will be the guests of Kowloon Docks Recreation Club and should manage to win.

An excellent game is promised at the Valley between the Craigengower Cricket Club and Recreation 'A'. In my opinion, the Champions should win.

Another interesting game will be witnessed between the Hongkong Football Club and Indian Recreation Club and the latter should annex the points.

There will be no League game for Recreation 'B' and Police R.C. this week.

SECOND DIVISION

Police Recreation Club will have a hard job when they meet Kowloon Football Club at home. The visiting team should get through without difficulty.

Hongkong Cricket Club will find Recreation a hard nut to crack. Taikoo Recreation Club should manage victory against Civil Service Cricket Club at Taikoo.

A good game will probably be seen at Cox's Road when Kowloon Cricket Club will meet Kowloon Tong. I favour the home team to win.

THIRD DIVISION

Kowloon Bowling Green Club will be at home to Hongkong Cricket Club and should secure the points.
